AN IMPORTANT TRANSACTION

Nineteen and one-half Acre Valencia Orange Grove on Brand Boulevard Changes Hands

On Saturday, July 14, the nineteen and one-half acre Valencia orange grove on Brand Boulevard between First and Second streets, was purchased from Judge E. M. Ross by the Holman & Campbell Syndicate for \$30,000. This syndicate is composed of the following parties: Geo. T. Holman, Dan Campbell, L. C. Brand, Geo. U. Moyses, Arthur Campbell, W. H. Holliday, M. E. Spinks, Cynthia Van Vorst, Edwin Pierce, R. Wilson and Dan McNiven.

This beautiful tract lies on both sides of the Los Angeles Inter-Urban railway tracks and is undoubtedly the choicest piece of property as to situation and beauty, that is to be found in Glendale at the present time. The tract lies just two blocks north of the Glendale High School, the First National Bank and the Los Angeles Inter-Urban railway Company's beautiful mission style depot. United States Circuit Judge E. M. Ross has taken great pride in this beautiful spot and the very best of care has been given the thriving young Valencia orange trees which are now five years old and the orchard is as green and even as can be found anywhere.

When this place is cut up for subdivision, which will be a little later in the season, the most substantial and attractive improvements will be added. Four beautiful stone pillars to conform with those already erected on Brand Boulevard, are to be built, one on each of the corners on the Boulevard. Broad streets are to be cut through the tract and they will be graded and oiled. Cement walks and curbs will be put down and the lots will be 50x187 feet to an alley. The street along the railroad track will be donated and thus will this grand boulevard be completed as far as Glendale is concerned, and when the jogs in Tropic are straightened out, there will be a complete wide drive-way from the Casa Verdugo to the San Fernando Road and it is hoped that the boulevard may be completed on into Los Angeles.

Everything considered, the price paid was a normal one, and the community, as well as the seller and buyers, will be greatly benefited by having this tract subdivided.

Holman & Campbell are deserving of much credit for having purchased this tract, as they did not only look to the immediate financial profit to themselves, but they wanted this tract in order that the boulevard and the streets might be opened up further north. Taken all in all, this deal was the most important in many respects, that has ever been consummated in Glendale.

The announcement of E. R. Werden as a candidate for the nomination of sheriff, at the Republican County Convention, appears in another part of this paper. Mr. Werden is a young man who does not know the meaning of the word "fail," and he is honest, intelligent and fearless, and the greatest hustler in Los Angeles county, bar none. Mr. Werden asks consideration of the voters at the primaries and the general election.

An Open Letter

To the Trustees of the City of Glendale.

GENTLEMEN: The desire expressed by your chairman that the citizens of Glendale should show an interest in the active pushing of the interests of Glendale equal to that shown in the negative matter of the prevention of the pool room, is responsible for the writing of this letter.

The situation of our city is ideal. The growth in the past year has been phenomenal. The future of the city is assured. There are some things, however, that will facilitate the advance of our city very much.

The fact that the city has, as yet, no money on hand must not stand in the way of doing some things.

The first thing that strikes the stranger visiting our city unpleasantly, depends upon whether he was wise enough to take the car to Glendale avenue or not. If not, the absence of a sidewalk from the Boulevard to the avenue will be the first thing. Having talked with many on the subject, I should say that this is a matter of the first importance and should be given immediate attention. Our front door must not be neglected a minute longer than is necessary. Soon that street will demand the best treatment also for its driveway, but that part may well rest until some more important matters have received attention.

One of the more important is to clean up our streets so that the impression on the minds of our visitors should not be that of cow paths.

Many of our citizens have been very diligent in making their own places look well, but there are so many that are neglected as to almost neutralize what has been done. A road machine with the necessary horses to pull it and a couple of men to guide it will speedily put things in shape all over town. Let the city fathers levy the expense on the property owners if they think best, but any citizen who would object to paying his share for such a general benefit to the town would be very short sighted, indeed.

Another matter that would cost almost nothing and add greatly to the pleasure of walking our streets is this: Let the city marshal, or some one a little taller, walk through the streets and order those whose trees hang so low as to sweep his face, to trim them within a week on penalty of having the city do it at their expense.

There are plenty of other things that need to be done as speedily as possible, but these are inexpensive and necessary and would do much to add to the attractiveness of our city.

Respectfully,
S. LAWRENCE WARD.

Mr. Charles L. Heartwell, of Long Beach, candidate for County Treasurer, subject to the action of the Republican county convention, announces his candidacy through the columns of the News this week. Mr. Heartwell has been highly recommended to this paper as a good, clean man and one who is well qualified to discharge the duties of Treasurer. Our people cannot afford to allow the machine politicians to run things as they have in the past, and it behooves us to take an active part in the nomination of good, clean, competent men to fill our county offices, and Mr. Heartwell and the other candidates, whose cards appear in this paper are worthy of the people's consideration.

No Pool Room, Thank You

The Board of Trustees held a special meeting on Monday evening last at the city hall for the purpose of acting as a committee of the whole in regard to licensing a pool and billiard hall in the city of Glendale. The meeting was a public one and many of Glendale's citizens and not a few of the women folk were present to give expression and moral support opposing the granting of a license.

Chairman Parcher, of the board, called the meeting to order and announced the purpose of the meeting, whereupon Rev. W. S. Blackburn, representing those opposed to the pool and billiard room project, gave his reasons for opposing same, and at the conclusion of his talk presented a remonstrance signed by 109 voters and 28 prospective voters. Revs. C. R. Norton, S. L. Ward and W. F. Stone, and Mr. J. W. Ellis, each gave a good, sound talk in opposition to the pool room, after which Chairman Parcher and the other members of the board signified their intention to refuse the applicants the required license.

The action of our citizens and women and the members of the board is to be commended, and it is to be hoped that such matters of this character may be deferred to the very distant future, until Glendale has become a town much larger than it now is. Leaving out all moral features of the case, the town cannot afford, from a business standpoint, to invite a pool room here. This section is a beautiful suburb designed for homes, and a pool room would do harm in keeping a desirable class of people from locating here; and it certainly is true that no one would come here to live in order to have the privilege of playing pool. Some people have made some dirty remarks regarding those opposed to the pool room, but such remarks are only the result of disappointment in those parties not being able to force something objectionable upon their neighbors. A man who cannot laugh in the face of such defeat as the loss of a pool room, must be weak, indeed.

The Los Angeles Times seems not to be the "whole thing" after all, as the Los Angeles County Weekly Country Press Association has received the announcement of Mr. Chas. L. Heartwell since the Times tried to intimidate the candidates and keep them from announcing their candidacy through the country papers.

The Times' bulldozing methods will not have the effect which its supreme potentate, Otis, expected. Instead of intimidating the decent candidates and the country press, the Times' attitude is only adding strength to the candidates and the newspapers. It is only a matter of time until such dirty work as the Times has been indulging in will act as a boomerang on the Times and its business. The policy of trying to build up its own business by injuring other people will not always succeed. The Times never has a good word to say of this community, but on the other hand, the other Los Angeles dailies are constantly speaking of the development of this section—and some of our substantial citizens have spent considerable money in advertising in the columns of the Times. Our people should patronize those papers that show some appreciation of the support which they receive from Glendale and the San Fernando Valley.

The Los Angeles Times, that bulldozer of independent thought in California, which is presided over by that "stuffed prophet" and altogether self-important old gent of doubtful military fame, H. G. Otis, comes out in an editorial blasphemy of the sacred rights of every country paper in Los Angeles county. The Times has never before deigned to notice the country press and it would not now had it not been that the country papers have demanded that this old poacher shall no longer be permitted to slich from them that which is rightfully theirs. No wonder the old fat fellow emits some most decided squeals when he is shoved away from his neighbor's corn crib where he has been fattening at the expense of the hard working country editor. Mr. Otis, through the columns of the Times calls every member of the Los Angeles County Country Press Association a horse thief, buccanneer, hold up, etc., simply because the country editors have formulated an organization for their mutual protection against just such vultures as Otis and his unjust dictatorial press, the Times. The people of Glendale certainly have no reason for supporting the Times for that paper has refused to publish anything of interest relating to the development of Glendale and this section, even when requested by some of the town's best citizens. It seems to be a case of "big hog get all" with Otis and the Times.

W. A. Hammel, who is a candidate for Sheriff and seeks the nomination at the coming Republican County Convention, needs no recommendation at our hands, but there are some among us, who have but recently become voters and are not acquainted with Mr. Hammel. To these people we wish to say that Mr. Hammel has served one term as sheriff of this county and there can be no just criticism of the man or his acts during his official service. Mr. Hammel, since his term as sheriff of the county, was appointed Chief of Police of Los Angeles, but on account of his refusing to do the bidding of the political machine, he resigned the position of chief, he being the only man who ever did such an act in the history of Los Angeles. Mr. Hammel believes in "a square deal for every man" and he can be depended upon to discharge his duty in every respect should he be nominated and elected. The editor of this paper has personal knowledge of Mr. Hammel's qualifications as an executive officer, having worked under Mr. Hammel for some time.

House Breakers

Thursday of this week, some person or persons entered the edifice of the Baptist church and put up a fine new set of electric light fixtures and now the members of that church are thinking of leaving all the doors unlocked in case some one else should desire to get in. It was all a pleasant surprise and it is not likely that any arrests will be made, so the guilty parties may rest easy.

Many new members have come to join their ranks of late, and this with the other good thing that has just come, puts a smile on the Baptist face and gladness in the Baptist heart.

Fairburn-Swall Nuptials

Charmingly artistic and dainty in all of its appointments was the beautiful wedding which was solemnized Saturday afternoon at the home of S. F. Fairburn, when Miss Ollie M. Fairburn became the bride of Jacob A. Swall.

The entire house was artistically decorated by Mesdames Hoist, Chas. Pomeroy and Miss Hale and was a bower of beauty, each room was carried out in a different color scheme. In the front parlor white carnations and foliage were used and in the music room pale pink roses and ferns, while the double dining room was decorated in red and green.

The bridal party stood beneath the Lover's Knot which suspended from the alcove, while festoons of tulle fastened to the knot formed an aisle.

The bridal party entered the aisle, to the strains of Mendelssohn's, rendered by Miss Hale. Rev. Silas Sprowles of Los Angeles performed the ceremony, which was deeply impressive. Mr. Sprowles preceded the bridal party, followed by the bride and groom, following them came Miss Eva Purrier and George Thedaker.

The bride was beautifully gowned in white, being trimmed in lace and embroidery. An orange wreath that had been worn by her mother on her wedding day adorned her hair. She carried a bouquet of white carnations. The bridesmaid, Miss Purrier, wore a dainty gown of dotted swiss.

At the close of the ceremony and during the hearty congratulations, Miss Hale rendered the "Fifth Nocturne."

Dainty refreshments were served, while the bride slipped away and reappeared in her traveling suit, which was gray with hat to match.

Mr. and Mrs. Swall left immediately for Cafalina where they will spend their honeymoon, and will be at home to their friends after August 1st at 2112 Millard avenue, Los Angeles.

At last accounts Charles McCartney of South Pasadena whose heart was torn out by an accident, and held throbbing in the hand of the doctor who sponged it off, was in a fair way to recover. The modern man does not seem to be losing vitality.—Hollywood Citizen.

McCartney has recovered sufficient to be able to be up and about. Dr. Thompson of Burbank, is the physician who had charge of McCartney's case and it is mainly, if not wholly due to his skill that McCartney is now alive. McCartney's case is not the only remarkable cure that this physician has accomplished. Dr. Thompson recently performed an operation upon a poor widow woman of Burbank and cured her of a malignant cancer, restoring her to her three little children who would have been left without a supporter had not this skilled and kindhearted physician restored their mother to health. Dr. Thompson is the kind of physician that is "wrapped up" in his family and his profession and he has no time for idleness or boasting.

GLENDALE

One of the most notable facts connected with a country newspaper of today is the large increase in the amount of advertising of local business houses. The change has taken place gradually. Local merchants have found it necessary to call attention to their goods because of the immense competition they face the most deadly element of which is that from the great stores of the large cities. These great establishments advertise their wares most lavishly, and the metropolitan newspapers which contain their advertisements are distributed over the country, some one paper of which enters nearly every home. The result is that these metropolitan establishments have built up an immense trade.

In our town there is no occasion for this out-of-town buying. The duty of citizens in the matter is plain, and where other things are equal, support should be given local dealers. Our merchants have invested their capital, have erected buildings, and have established concerns which are almost metropolitan in character. They have helped to build up our little city, and it is only a fair return that they have the city's trade. To turn trade otherwise, even in the line of small purchases, which are great in the aggregate, is to invite the decline of property values in our town.

A local newspaper is absolutely necessary to any community. It is the home paper that keeps the people of the community in touch with each other by giving them all the news of their own neighborhood and county. For that alone they are of value and worth far more than the small subscription price. They keep the local pride and progressive spirit aroused and in various ways are worth far more to a community than a community ever spends on them. The daily paper, with its large news service and quicker facilities, may in some instances overshadow the weekly, but the weekly home paper fills a place in the hearts of the people that a daily cannot fill. It comes to your home as an old and tried friend, while the daily enters as a stranger.—Downey Champion.

Mr. Gladstone knew how to admit he was in the wrong. On one occasion he did so, candidly and handsomely, as becomes a gentleman.

But he preferred to keep clear of the necessity for apologies, and had scant belief in their efficacy.

"You can't unpull a man's nose," he once said to his private secretary, Sir Algernon West.

The Anniversary Number of The Glendale News has reached this office, and is a splendid specimen of the printer's art. It tells of the wonderful growth and prosperity of the strawberry producing section in and around Glendale and Tropico in pictures and letterpress, and is altogether a publication which not only the publishers of The News, but the people of that favored part of Los Angeles county, have every reason to be proud of. For a newspaper but one year old, it is surely something out of the ordinary. Accept congratulations, neighbor.—South Pasadena

GLENDALE

To a person accustomed to and appreciating the advantages of the city, but who prefers a life in the country for considerations of health, pleasure or profit, the ideal location for a home is found in a pleasant country neighborhood within a few minutes' ride of the city.

This close association of city and country gives to property in the suburbs of a large and rapidly growing city a value which is difficult to estimate in dollars and cents. It is a consideration which appeals forcibly alike to the home-seeker who is fortunately above the necessity of taking into account the question of a financially profitable investment; to the tiller of the soil, who must necessarily figure upon the associated ideas of a productive soil, favorable climatic conditions, and a near-by market; and finally to the investor looking with speculative eye upon the promise made by a particular locality in regard to the probable increase of values in the near future.

To all of the above classes, GLENDALE appeals with peculiar force given by its unique merits and varied attractions. In an air line it is six miles from the business center of Los Angeles, and about three miles from the northern boundary of that city.

RAILROADS

The Glendale branch of the Salt Lake Railroad Company, starting from its depot on First street, passes through East Los Angeles, along the base of the low hills on the northern limits of the city paralleling the line of the Southern Pacific road until it reaches Glendale avenue at its junction with the San Fernando road, where it proceeds northward through Glendale to its present terminus, Verdugo Park.

The Huntington Electric Railway system has recently completed a double-track line connecting Los Angeles and Glendale, first class in its construction, equipment and service, following a route which for scenic beauty is probably unequalled by any ride of similar length in Southern California.

A day spent among our canyons and foot-hills will be a pleasant memory

The social at the Presbyterian Manse on Friday eve last was a very pleasant affair. There was no extended or formal program. The evening was devoted to sociability. Cartoons representing well known magazines, whose names were to be guessed, served to mingle the guests; light refreshments and some selections from a good phonograph added to the entertainment.

One of the busiest places in Glendale is the Glendale Planing Mill. They are not satisfied by working only mill hours, but have to work late and early in order to keep up with the rush of orders which they are receiving. Mrs. C. B. Guenhardt entertained Mr. and Mrs. Edgar W. Pack at their beautiful home on Brand Boulevard last Monday evening at dinner. After dinner the time passed only too quickly in conversation and cards.

Little Miss Bertha Eves happened to meet with a most painful accident on Tuesday afternoon at the Glendale skating rink by having her arm broken. The little girl was standing holding to the railing around the floor when one of the skaters on the floor accidentally ran into her, causing her arm to twist in such a manner as to break it. The little girl was taken to Dr. Conrad who set the arm without the use of anesthetics, and the little lady is getting along nicely.

Mr. D. A. Talbott of Sycamore Canyon reports having sold his peach crop which is quite large this year and the fruit is of the best variety and quality. Mr. Talbott sold six acres and received therefore \$600 cash. Mr. and Mrs. Talbott will take a vacation in the near future and will go by wagon and probably visit the north part of the state.

The Thursday Afternoon Club met at the home of Mrs. Dr. Conrad this week. This is the last meeting of the club until the first Thursday in October. Officers were elected, committees appointed and a general good time was enjoyed.

CARELESS CREW THE CAUSE

Most Serious Wreck in the History of the Glendale Electric Road

At 1:30 o'clock Wednesday morning a most serious smash-up occurred on the Los Angeles Inter-Urban electric road at Fourth street and Brand Boulevard, Glendale, between passenger car No. 897 and a freight car loaded with lumber. Motorman H. W. Anderson of the passenger car was struck by a heavy timber and sustained a fractured jaw, besides many body bruises. Mr. Dixon, who has charge of the company's branch line on Fourth street, was a passenger on the car, and he received a severe scalp wound. Conductor J. M. Wynard escaped with a few slight bruises and scratches.

It seems that car 897 which is the last car out from the city, was delayed, and arrived at the terminus at Casa Verdugo several minutes late, and the crew, started for Fourth St. and Glendale Ave. where the car is left over night, without switching on to the right side of the track and without changing the headlight, in other words they just backtracked through a heavy fog without a headlight. In the meantime a freight train was at Fourth St. depot doing some switching and the crew had set out a car of lumber on the main track north of the switch where it would not interfere with the passenger car when it returned from the north end and used the switch in order to cross over on the Fourth St. line, but the freight crew did not put lights on the car and had they done so, it is doubtful if the passenger crew would have noticed them. As a natural result of such carelessness, on the part of the passenger crew, the passenger car ran into the freight car, the ends of the pieces of lumber on the freight car smashing into the front end of the passenger car and protruding over about eight feet.

There were several passengers on the car at the time, but luckily none were injured.

The crew in charge of the passenger car was undoubtedly to blame for the accident, and while both of the young men are good boys and have many friends among the people of this section, still there is no excuse for such reckless disobedience of the rules of railroading as was shown by them on this occasion. We understand that the company has notified the employees that any one caught back-tracking or running a car after night without a headlight, will be summarily discharged.

Motorman Anderson is being cared for at the company's hospital in Los Angeles and Mr. Dixon is able to be about.

CITY TRUSTEES.

At the meeting of the board of trustees on Wednesday evening last, all members were present and all bills presented were allowed.

Several ordinances were taken up for first and second readings and four ordinances were read the third time and passed.

The city attorney was instructed to draft an ordinance whereby the city trustees could appoint a health officer.

When the license rate ordinance came up for its last reading there was some discussion, but the ordinance was finally passed in its original form.

The members of the board are deserving of commendation for the business-like manner in which they disposed of matters and there is no question but that the meeting of Wednesday last was the most important one that has been held since the town has been incorporated. The people of Glendale should attend the board meetings as much as possible and help the trustees in every way in improving our town. Time is slipping rapidly away and the fall and winter crops of tourists will soon be here and we must have a good clean front to present to them else some other more progressive community will attract them. Our citizens should remember that Glendale's trustees receive no salary for the time which they devote in the interest of the people. The next regular meeting of the board will be held on Wednesday evening July 25 and much important business will come before the board for its consideration.

Obituary

From her late home on Maple St., Glendale, July 10, departed the spirit of Mrs. Frances A. Vose.

Sister Vose was born in Menonia, Wis., May 1st, 1875. In early life the family moved to Anandale, Minn., where she grew to a beautiful young womanhood. At the age of about eighteen she was married on February 26, 1892, to A. E. Vose, at the old home. To them were born four children.

Sister Vose was converted and united with the Methodist church at about the age of twelve years. She was a true follower of the Saviour all her life.

During much of her life she experienced affliction, but was hopeful and courageous to the last.

Two years ago last February she came with her family to Los Angeles, and fourteen months since they came to Glendale, settling on Maple street. At the time of leaving the old home she was in very poor health, but improved very much here for a time; but the inevitable came and she has gone.

On July 4th, she, her family and some friends went to Echo Park for an outing, and to her it was a specially lovely day, she with all the company having a splendid time; but she remarked at the noon hour, "I will never be here again to eat another dinner." It was not said in gloom, but in blessed assurance that she was nearing the better land where, by the side of the river of life, in the paradise of God and under the tree of life that bears twelve manner of fruits, the leaves thereof being for the healing of the nations.

The South American revolution season seems to be opening up in a lively manner this time. A general was killed in one of the outbreaks the other day. There was no army present, or he might have been hurt, too.

M. E. CHURCH NOTES

The first meeting in the new church was held last Thursday evening with sixty-six people present. Rev. W. S. Blackburn made an address of real interest which was enjoyed by all.

Sunday School, Epworth League and preaching services will be held in the church next Sabbath. W. T. Stone of the Baptist church will preach the sermon in the evening and the Union of their young people will meet with the League at 6:45.

The class of girls of whom Mrs. Hendershott is teacher gave her a complete surprise on Wednesday evening. There were fourteen members present. Ice cream and cake were served and a splendid time was experienced.

Miss Corinne Norton has gone on a little outing to San Francisco with some special friends, spending her vacation in this way.

Hollywood has some special attractions these times to the parsonage folks.

Mrs. Harkett, late of Moravia, Ia., and Mrs. Mary Harn of the same town, but now of our city, visited at the parsonage one day this week.

The Ladies Aid Society of our church expect to erect a booth on the church lot.

One person united with the church last Sabbath.

OTIS, THE AUTOCRATIC BOSS

Sized up by Editor Valjean, of the Anaheim Plaindealer

Otis, of the Times, steps out of his way to make an unkind thrust at the country press of Los Angeles county. Upon what food hath this vaulting ass been feeding of late that he should assume to judge his betters. It is not so long ago—we remember it well—since this fellow was eking out an uncertain existence in a little dingy office on a little dingy street in a little dingy, greasy town on the Ohio river, known as Marietta. In those days he "writ," "sit" type and took his turn at a hand press. Has Shoddy forgotten the old days? It would seem so. They were more to his credit than anything he has accomplished of his own merit since. But it is the old, old story of Shoddy on horseback. How different this egotistical ass from the great hearted Greely, Dana, Bryant, Thurlow Weed, Raymond and their like, who never lost opportunity to say kind, encouraging words of the country press, which they look up to rather than down upon. These were men whom it was a happiness to meet heart to heart and look in the face.

There is a movement on foot to induce the school officers throughout the county to delay opening the public schools until late in the month of October. The idea had its incipency at Venice and other seashore towns, the object being to lengthen the vacation season, to the advantage of those resorts. To the credit of County Superintendent Keppel be it said that he looks with disfavor on such a move. Of course this matter rests with the respective school boards, but it is safe to predict that it will meet with no favor. Here in Monrovia the opening of the schools may be delayed a little on account of the building facilities, but if so, it will be purely local and from necessity. Climatic conditions are such in this county that it is not natural that all schools open at the same time. —Monrovia News.

Travelers from Africa are urging the governments of Europe to take steps to preserve the elephants in their respective colonies and spheres of influence. In India the government controls the forests and the laws are strict. When elephants become dangerous, permits are issued for hunting the "vagabonds" or bad elephants, and when they are killed all permits are revoked. In Siam all elephants belong to the crown, and are never killed. Every five years there is a government inspection of them, all white elephants are sent to the prince royal, and the domestic stock is

increased by careful selection from the general herd. The elephant there is appreciated as a laborer and a domestic servant; but in Africa thousands are killed every year for their ivory, which is whiter, harder, and more esteemed than that of the Asiatic elephant.

When the committee of One Hundred of Los Angeles, put themselves on record as intending to labor for clean politics, or rather for clean men, non-political, we look upon the movement as very opportune, and one worthy of consideration, and now that the Los Angeles Times is "ferniest" it, we look upon it as doubly worthy of consideration. Otis, by his unwarranted opposition has popularized Congressman McLachlan, the Los Angeles County Weekly Country Press Association, and now the committee of One Hundred are on the high road to fame and popularity.—Norwalk Call.

Hereafter, the "opened by mistake" excuse will be a mistake that will cost \$200. The post-office department has ruled that mail must be looked over before leaving the office, and that any letter put in your box by mistake must be returned before leaving the post-office under a penalty of \$200 for failure to do so.—Covina Argus.

The editor of the Covina Argus is also post-master and doubtless knows what he is talking about. But the man who made such a ruling is certainly lacking somewhere. A government employee may make mistakes with impunity and put the mail of another in your box, but if, in your haste or otherwise you should happen to open one of those letters by mistake you are subject to a \$200 fine. Bosh on such an unreasonable and unjust ruling. Better have a committee of one hundred in Washington to purify politics and put men in places of trust.—Norwalk Call.
